Sun, Apr 2, 2023 at 7:12 PM

ORDER 171504

Thank you for your purchase!

Hi Daniel,

Thanks so much for your order. If you have ANY questions we have an amazing FAQ page that answers most of them. It has a place for product ETA's, RMA forms for returns/exchanges, product issue form, product information, and more. We built it to solve your problems in SECONDS rather than waiting on us. Please use it!

<https://www.chasebays.com/a/faq>

With the pandemic our sales skyrocketed and soon to follow the supply chain issues began. Scaling for that growth in the last 2 years has been quite rocky. We couldn't even fit the inventory needed in our former 13,500 sq ft warehouse and we relocated to a 40,000 sq ft warehouse in August 2021. Rapid action is what defines us as a small business and the team I've found has been incredible through all of this. With that in mind, here is a quick rundown of the current situation:

- With ever evolving road blocks of the ole supply chain, it is now 2-8 business days with some orders taking longer than that. Normally, our average is same day-2 days to ship.
- Selecting USPS Priority Mail 2-Day does not mean you will receive your order in 2 *business* days. Its the shipping time PLUS our time to get the

order out. *AS STATED* on the top of our site, if you NEED something expedited, select UPS Next Day or USPS Priority Express.

• Shipping options are currently delayed and UPS does not offer its “Shipping Guarantee” right now due to Supply Chain issues. Source:

<https://www.ups.com/us/en/help-center/shipping-support/service-guarantee.page>

We thank you for your patience and understanding during these difficult times and are working hard to get all the orders out as fast as we can. We will be much better for this.

Regards,

Chase McMaster - Founder
